

Safety above all during COVID-19

We are continuing to operate to and within impacted areas as local conditions and restrictions allow. Due to the dynamic nature of the situation, quoted transit times, and pickup and delivery service availability may be subject to change without notice. Please check our Service News for the latest updates.

No signature required for delivery

Please be assured that we are taking necessary precautions in affected areas as per the guidelines of local authorities. For the safety and wellbeing of our couriers and our customers, our couriers will now only seek a verbal confirmation of delivery. This means that your recipients will not be asked to sign for deliveries, until further notice.

If there is any conflict between the guidelines in this document and the instructions and requirements issued by local authorities or procedures in alignment with recommendations from local authorities, the instructions, requirements and recommendations issued by local authorities or in alignment with local authorities prevail.

COVID-19 Outbreak across Europe

FedEx is adhering to all regulations and guidelines from government authorities related to the containment of COVID-19. These work and travel restrictions may affect shipments inbound and outbound to and from impacted areas, as well as shipments moving within those areas.

We continue to operate inbound and outbound flights to and from impacted areas as local conditions and restrictions allow, and we are taking recommended precautions in terms of team member, subcontractor and customer health and safety.

Despite the potential service delays we may experience due to the COVID-19 outbreak and associated measures imposed by governments around Europe, we are operating to the best of our ability and have adjusted delivery commitments for mainly economy shipments moving by road in certain countries (as noted below). We are using our logistics network to minimize service impacts so we can continue to deliver the best possible service to our customers. Given the reduced capacity available in the market, there will be temporary service adjustments for the following shipments:

Origins	Destination	Affected services	Service impact	Effective period
Europe	Europe	TNT International Economy Express and TNT 12:00 Economy Express	Temporary service disruption – delays to be expected	Until further notice

Origins	Destination	Affected services	Service impact	Effective period

Lithuania, Montenegro, Macedonia, Malta, Serbia, Albania, Bosnia and Herzegovina, Croatia		FedEx International Priority (IP)	Temporary service disruption – delays to be expected	

In addition, all non-essential shops and services are closed in a number of European countries (including Spain, Poland and France). We are therefore not able to deliver to any non-essential retail store and customers can no longer deliver to a pick-up point until further notice.

*Italy specific:

Pick-up and delivery services are suspended as of March 18th, in the Orbassano, Alessandria, Bergamo and Brescia areas. In the Milan, Zibido, Bergamo (FedEx), Como and Monza (TNT) areas, pick-up services are suspended, while deliveries are partially performed. In the Modena area, we are partially performing pick-up and delivery services, while in the Vicenza area, we are performing partial pick-up services.

Shipments travelling to Italy by the road network through the International Road Hub of Milan (MI6) continue to experience delays.

Pick-up of shipments above 68 kg and non-conveyable shipments are limited across Italy.

Furthermore, the export of Personal Protective Equipment (PPE such as FFP2 masks, goggles or visors, protective suits and gloves) is forbidden to be shipped out of Italy, without prior authorization from the Department of Civil Protection.
